Manufacturer’s Certification for Eligible Insulation Tax Credits

Advanced Fiber Technology, manufacturer of AFT Loose-fill Cellulose Insulation and AFT Stabilized Cellulose Insulation, certifies our insulation products are “Eligible Building Envelope Components” that qualify for the Federal Tax Credit for existing homes allowed under IRS Section 25c tax credit for energy efficient retrofits.

This credit is applicable from 2012 through 2013 tax years and must be purchased and installed before 31 December 2013. A homeowner may receive a federal tax credit of 10% of the material costs up to $500. Retain this certification along with financial records for tax recordkeeping purposes. Consult with a tax preparer related to the appropriated forms and application of the data to the IRS criteria.

This certification statement is provided in printable form on the www.advanced-fiber.com website. It is not required for the taxpayer to submit this with their tax return however it should be maintained to establish entitlement to the credit along with expenditure receipts.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
